

OUTPATIENT THERAPY

Several of Senior Care Centers' buildings offer **Outpatient Therapy**. Whether recovering from an acute medical issue or a sports injury, our team of experienced therapists is committed to returning each patient to his or her highest level of functioning. Our team of therapists coordinates with the patient's personal physician to create a custom treatment plan aimed at reaching recovery goals through a combination of physical therapy, occupational therapy and/or speech therapy programs.

- ↳ Innovative physical, occupational or speech therapy treatment plans tailored to fit the patient's needs and schedule
- Flexible outpatient services designed to return you back to work and life
- Post-surgical therapy (knee, hip, hand, shoulder and others)
- Sports injury therapy
- Back and neck pain treatment
- Neurological condition symptom management
- Assistance with speech or swallowing challenges
